Julianne,

2. According to tracker we sent you June 27, a court order to apply for permit and court order to get permit have been issued.
3. If the applicants response is inadequate or they take 30 days to respond to NOIs we will not issue permit by expected final dates- in part because of public notice periods . Date may need changed. Those NOIs were issued this week.

Dan,

I just wanted to follow-up to the voice mail message I left you yesterday. I have a few questions related to information reported on the June 27 cafo tracker.
Please provide a response via email, phone call or update on July cafo tracker.

1. Please include a permit number for Wildcat Farms, LLC in Hancock County.
2. Is there a court order requiring Doubletree Farm, Bureau County, to apply for a permit or is AG seeking such an order?
3. Does the expected final action date for a permit for Rancho Cantera and Strout Crossing take into account issuance of a second NOI?

FYI ... I've asked Cheryl Burdett of our Enforcement and Compliance Assurance Branch to follow up with Bruce Rodely on R5's request to have a permit issued to Dean Dairy Farm.

The next monthly cafo tracker update is due July 27.

Thanks.

Julianne
